

Free Sampling*

Quote: SAM08

Amity Insulation Services Limited will offer free sampling and analysis to all clients where samples are analysed as containing asbestos and follow-on remedial works are subsequently carried out in direct relation to the sampling works.

All samples analysed as **non asbestos** will be subject to payment as originally quoted.

All orders for remedial works received after completion of sampling will be subject to discount of original value of sampling works.

Sampling works will be invoiced on completion and will be subject to payment terms as specified on invoice. Discount of sampling value will then be given at time of invoice for any remedial works.

E.g.

Sampling works carried out

Sampling works value of £115.00** + VAT invoiced on completion

Remedial works estimated

Remedial works instructed

Remedial works carried out

Remedial works value of £750.00** + VAT invoiced less £115.00** + VAT discount

Total invoice value for remedial works £635.00** + VAT

*Subject to conditions as specified and valid for all remedial works carried out before 31st May 2009. Proof of sampling may be required.

**Figures shown are strictly examples only. All works are subject to job specific estimates/fixed quotations prior to commencement of works.
